

2006

Climatic Considerations for the Mechanistic-Empirical Pavement Design Guide

Workshop for M-E Pavement Design Guide

- Informative
- Educational
- Designed to assist FHWA's customers and partners in their implementation programs for M-E pavement design

Design Guide Implementation Team:

Gary Crawford
202-366-1286

Leslie McCarthy
202-366-1198

Chris Wagner
404-562-3693

Eric Weaver
202-493-3153

Jim Sherwood
202-493-3150

You may also contact each of the team members at this e-mail address:
DGIT@fhwa.dot.gov

In a continuing effort to support the evaluation and implementation of the new M-E Design Guide developed under NCHRP 1-37A, the FHWA Design Guide Implementation Team (DGIT) is pleased to offer the Climatic Considerations Workshops. These workshops are scheduled as shown below and are intended to help pavement design engineers and materials engineers better understand the enhanced integrated climatic model as it has been incorporated in the new design guide software.

The intended audience for these workshops is State highway agency pavement design engineers, materials engineers, and engineering design consultants. FHWA field engineers and local agency engineers may also be interested in attending. For those unable to attend a workshop, the option to participate in the workshop is available through an online webcast open to all (September 19).

Please plan to attend one of the 2006 workshops:

To register for one of the workshops, please go to: <http://www.fhwa.dot.gov/pavement/dgit/dgit.cfm>

Date	Location	Date	Location
March 30	Thornburg, Virginia Virginia DOT Training Center	September 6	Minneapolis, Minnesota Minnesota DOT Training Center (in Shoreview)
April 11	Gainesville, Florida FDOT State Materials Office	September 19	Rocky Hill, Connecticut Connecticut DOT Materials Office (this session will also be webcast)
April 18	Helena, Montana Montana DOT Headquarters		
May 11	Albuquerque, New Mexico New Mexico DOT District 3 office		
May 31	Oklahoma City, Oklahoma Oklahoma DOT Training Center		
June 22	Columbus, Ohio Ohio DOT Conference Room		
June 28	Forest Park, Georgia Georgia DOT Training Center		
August 1	Fayetteville, Arkansas Center for Training Transportation Professionals		
August 15	Phoenix, Arizona Arizona DOT State Materials Office
